

PRODUCT BULLETIN

Blue Blood Full Synthetic 2-Cycle Air Cooled Engine Oil w/ Ethanol Treatment

API TC, JASO FD, ISO-E-GD

PRODUCT #971

CAM2 Blue Blood 2-Cycle Engine Oil w/ Ethanol Treatment and Fuel Stabilizer is a premium Two-Cycle Gasoline Engine Oil formulated with high quality full synthetic base oils and premium additives designed to protect your engine from the most demanding of conditions. **Blue Blood 2-Cycle Engine Oil w/ Fuel Stabilizer** provides excellent wear protection, helps prevent valve sticking and rust formation. **Blue Blood 2-Cycle Engine Oil** meets the strict requirements of both JASO FD and API TC. It is designed to better protect in low temperatures and severe operating conditions. Its low smoke formulation burns clean and protects all bearings during high RPM use. The stabilizer provides stability during storage by ensuring the mixing oil remains bonded to the fuel to prevent ethanol/water separation that leads to rust and other forms of corrosion. It is recommended for air-cooled, 2-cycle engines requiring 16:1, 24:1, 32:1, 40:1, 50:1 and 100:1 mix ratios.

APPLICATIONS

- Motorcycles
- Small (<75 hp) Outboard Motors
- Personal Water Vehicles
- ATV's
- Lawnmowers
- Snowmobiles
- Chainsaws
- Snowblowers
- String Trimmers
- Leaf Blowers
- Golf Carts

SPECIFICATIONS:

- API TC
- JASO FB
- JASO FD
- JASO FA
- JASO FC
- ISO-E-GD

TECHNICAL DATA

Product Code	971
Viscosity @ 100°C, cSt	9.0-11.0
Color	Blue
Calcium	300
Nitrogen	400
Sulfur	220
