

## PRODUCT BULLETIN

### SuperLife Fleet HD Prediluted 50/50 Antifreeze

*Extended Life Heavy Duty Antifreeze/Coolant (ELC)*

PRODUCT #805

**CAM2 SuperLife Fleet HD Truck Prediluted 50/50 Antifreeze** is a versatile, high performance, pre-diluted automotive cooling system product designed for Heavy-Duty Truck application. **CAM2 SuperLife Fleet HD Truck Prediluted 50/50 Antifreeze** is formulated with premium glycol and a superior organic acid technology additive package. It is a silicate-, borate-, phosphate-free formulation for long lasting inhibition and corrosion protection. Protects aluminum and all other engine metals and provides long term, broad-range metal protection, minimizes hot surface scaling, and prevents heat transfer surface fouling due to minor oil leakage.

This antifreeze meets ASTM D-3306, ASTM D-4985, ASTM D-6210

### APPLICATIONS

- Automotive-Passenger Car & Light Truck
- Natural Gas Compressor Engines
- Air Compressor Engines
- Stationary Engines
- Irrigation Equipment
- Heat Tracing Systems
- Line Heaters

*All CAM2 Antifreeze products are formulated with bitterant agents to ensure protection against ingestions by humans, pets and wildlife. All CAM2 Antifreeze Premix 50/50 products are manufactured using only deionized water.*

### TECHNICAL DATA

Product Code	805
Specific Gravity @ 60°F:	1.055-1.085
Freeze Point (°F):	-34
Chloride (ppm)	<25
pH:	8.0-10.0
Nitrite (ppm):	2400-3200
Color	Red
Reserve Alkalinity (mL)	3.0 mL min.

Dilution with conventional coolants will reduce extended life benefits.

Always consult owner's manual to determine the specific maintenance, change over intervals, and Extender/SCA treat rate for your vehicle.
